MUSIC FOR WORLD PEACE

Sufi Zikrs by the PeaceDance Ensemble

Sacred and Inspired Sufi Chants from around the world

From West Africa, the Middle East, and Reunion Island. These chants were inspired by the Muridiyyah Sufis of Senegal and particularly by Sheikh Abdoulaye Dieye. They have been recorded in high quality format, with the enlightened talent of musicians playing tabla, sarod, nay flute, djembe and other beautiful instruments. The music has a universal appeal and honors the One True Reality with chants of the Divine names and the name of God to honor all spiritual traditions. Some of the tracks include: Allahu, Allaha, Elohim; La illaha illallah; Astaghfirullah; Huwa Malikun; Ya Rabbana; Allah Rahman, Subhanallah, and Halleluja. Included on the CD is a beautiful (partial) rendition of the Call to Prayer by Imam Bilal Hyde. All proceeds from the sales of the CD will support the peace work of the International Peace Project - an affiliate of the Fellowship of Reconciliation, an international, interfaith peace organization.

"Zikr is the path of Love that leads to everlasting devotion." Sheikh Abdoulaye Dieye

"One of the best Sufi recordings to appear during this past year, these are melodic chants by contemporary American Sufis that are pleasant to listen to over and over again.... We highly recommend this well-produced program." Wisdom's Child, **Omega Publications,**

"Music is a way of entering into a vibrational field that when dedicated to spirit can uplift and support entry into ecstatic trance states. The Sufis have been playing and dancing to sacred music for hundreds of years enjoying the rich and beautiful tapestry of sound derived from an eclectic mix of ancient instruments and voices in harmony with the ethereal world.

Such is the experience of a new CD of sacred remembrance of Divine Love and peace in which our hearts can rest. The CD, Music for World Peace, is a magical tour through sacred and inspired Sufi chants from around the world by a group of 24 musicians and over 30 voices in perfect harmony When the time comes for you to move deeply into Divine remembrance, this is the perfect CD."

THE INTERNATIONAL PEACE PROJECT/FOR

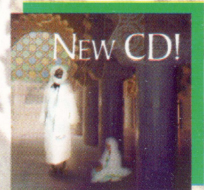

Humanitarian Aid, Educational Outreach and Music for World Peace

The International Peace Project is a non-profit affiliate of the Fellowship Of Reconciliation. We are active in educational outreach, humanitarian aid, cultural exchange, and world peace music celebrations. We provide information through television, documentaries, and public forums to inform more people of the humanitarian crises occurring throughout the world. The International Peace Project/FOR raises funds regularly to send medical supplies to the people of Iraq.

We promote sacred music such as Music for World Peace in order to gather people of different traditions and cultures together in peace and understanding.

We promote peace through educational activism, aid, and spiritual practice dedicated to global peace and harmony. Our goal is to establish a Peace Center reflecting these principles.

Sufi Zikrs by the PeaceDance Ensemble was produced under special cultural exchange with the West African nation of Senegal under the guidance of the late Sheikh Abdoulaye Dieye.
